- Casing material: Magnesium
- Master carton dimensions (WxHxD): 183 x 164 x 172 mm
- Master carton quantity: 3
- Packaging dimensions (WxHxD): 150 x 150 x 46 mm
- Packaging type: D-box
- Product dimension (WxHxD): 30 x 90 x 20 mm
- Product weight: 45 g

Power
- Battery capacity: 180 mAh
- Battery type: LI-Polymer
- Charging time: approximately 3 hours

Product highlights

Direct USB
Cameras with direct USB can be plugged directly into the USB port of your PC without the need for any cable. Your computer will automatically recognize the camera as a removable USB mass storage device (Windows 98 needs drivers).

USB direct battery recharge
Direct battery recharge via USB offers ultra convenience when recharging your camera. No need to bother with separate chargers or cables, simply plug n' recharge your camera directly on your PC.

USB mass storage class
USB mass storage devices offer a convenient way to save, backup and move your files around. The camera connects to your computer using a USB connection and does not require any special software to be installed (Windows 98 needs drivers). The camera automatically shows up as a removable drive in Windows Explorer or Mac folders allowing you to simply drag and drop files to and from the camera.

* Available storage capacity will be less. Capacity based on an average picture file size of 430 KB per picture
** Battery life varies with use
